## Local Real Estate Good

No Need of Going Beyond The  
Crows' Nest Pass For  
Investments

Not in the history of The  
Pass has such a building boom  
been on as is at present evi-  
denced in and around the towns  
of Bellevue and Maple Leaf,  
and those who have allowed  
themselves to be made the prey  
of the get-rich-quick real estate  
hawks are beginning to scratch  
their heads in disgust and re-  
gret, only now realizing that  
no investment could beat that  
of the local property.

Not only in the above-men-  
tioned towns is such the case,  
for all through from Blairmore  
or Coleman to Burnis there is  
open a field to the investor from  
which returns are as sure as  
the rising sun. Prices are nomi-  
nal all through the district,  
and if you want to find a "get-  
rich-quick" who is turning  
over Blairmore, Bellevue, Maple  
Leaf, Passburg, Hillcrest or  
Burnis property, you have to  
go out of the district to find  
them.

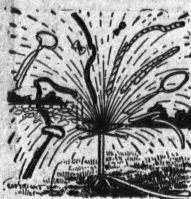

Such is the case all over the  
provinces. Go to Macleod,  
Lethbridge, Moose Jaw, Calgary  
or elsewhere and you will find  
that real estate agents in all of  
them are offering their home  
property at a much less figure  
than it is being "sacrificed" at  
in the foreign field.

Foreign real estate agents  
have lately been dubbed  
"sharks" or "get-rich-quickers,"  
the seriousness of the situation  
brought about by their unscrup-  
ulous vending of foreign  
practically-valueless properties  
to those who are duped to ac-  
cept their representations of  
such properties, having attract-  
ed the attention of certain  
boards of trade in the western  
provinces with the result that  
prompt action in a campaign  
has been organized.

Such a step should have been  
taken long ago, before the  
money depression had dawned  
over Canada. The local real  
estate agents in every town  
have been made to suffer seri-  
ously through the misrepresenta-  
tions made by transient ped-  
dlars whose only desire is to  
grab up a poor man's all and  
place him under pledged obliga-  
tion which would burden him  
for perhaps a lifetime.

An information bureau has  
been established where pros-  
pective purchasers may acquire  
information regarding the  
value and location of prop-  
erties being marketed. Such an  
institution is of inestimable  
value to local or resident ven-  
dors of real estate and practi-  
cally ends the career of the tran-  
sient sharks as far as Alberta  
and B. C. are concerned.

The steps taken by the boards  
of trade must have a telling  
effect upon real estate peddling  
in the future, and no doubt  
many of those who have paid  
for their experience will be  
much the wiser henceforth.

REV. J. C. SYCAMORE, M.A.

Of First Baptist church, Cal-  
gary, who preached at the an-  
niversary services at Central  
Baptist church, Blairmore, on  
Sunday last, and whose lecture  
on "Unopened Parcels" on  
Monday night proved him to be  
a man of exceptional ability as  
a pulpit orator and a lecturer.

## Blairmore Council Meeting

The regular meeting of the  
Blairmore council on Monday  
night was brief and not attend-  
ed by the usual bunch of ob-  
servers.

After the approval of the  
minutes of last meeting an  
account from the W. A. Hen-  
derson Co., chartered account-  
ants, was received.

It is only another maxim to  
the old advice to "patronize the  
home industry" and in many  
cases where such a motto is  
ignored there can be very  
little sympathy for the victim.

## Survey For a New Railway

New Line and New Mine Will  
Mean Much To Town  
Of Blairmore

The survey for a branch  
railway line to certain coal  
properties north-west of Cole-  
man, which have been acquired  
by American capitalists, was  
commenced this week. The  
proposed line will start from  
the C. P. R. line at West Blai-  
rmore and run north and west  
a distance of thirteen miles to  
where the coal areas are lo-  
cated.

It is stated that the areas  
acquired contain coal seams  
exceptionally high quality, as  
well as being in a position  
which can be easily reached by  
shipping means.

It is expected that work of  
construction on the new line  
will commence before the end  
of the year, but in the mean-  
time a preliminary prospecting  
and developing scheme will be  
carried out.

As this new line is to branch  
out from Blairmore, it doubt-  
less will mean another impetus  
to the commercial importance  
of the town.

Messrs. Wilson and Longhead,  
of Blairmore are connected  
with the survey party.

A by-law appointing Charles  
E. F. Hiscocks as returning of-  
ficer for the voting on by-law to  
borrow the sum of \$15,000 was  
read a first, second and third  
time and finally passed.

The by-law governing the  
regulations of the Blairmore  
waterworks, and to establish a  
tariff of water rates, was read a  
third time and passed.

Brisco-Drain—That the chair-  
man of the Property and Works  
committee be authorized to  
have all buildings or other ob-  
structions located on the streets  
and lanes of the town removed  
at once.

Brisco-Beebe—That the by-  
law requiring the payment of a  
lawn service rate of \$1.00 per  
lot be suspended, and rates that  
have been paid for 1913 season  
be refunded. Carried.

No other business the council  
adjourned.

of the Frank line kins, arrived  
in Frank on Wednesday to attend

Blairmore, Alta., Fri., Aug. 1, 1913

If you are a ratepayer in the  
Town of Blairmore, don't forget  
to use your vote on Monday.  
The whole situation may de-  
pend upon you.

Vote for the By-Law on Mon-  
day and you will help Blairmore  
to live up to her opportunities  
which are second to no other  
town or city in the Province.

Blairmore is a poor camping  
ground for the knocker, and as  
soon as such an individual be-  
comes known as in existence he  
is tugged and his home plac-  
arded.

Even in Winnipeg the stamp-  
ede against illicit real estate  
trading is on, and an association  
of protection has been formed  
with a secretary who will ac-  
quire information regarding  
properties being marketed and  
supply reliable data to any  
enquirers. This crusade is be-  
coming an epidemic and no  
doubt has cut short the whole-  
sale gamble which has deluged  
Western Canada for the past  
few years.

On Monday next the ratepay-  
ers of the Town of Blairmore  
will be expected to use their  
vote on a by-law to provide for  
the raising of a sum of money  
to cover certain extensions that  
have been made and certain  
improvements proposed for the  
waterworks system.

This by-law was passed by  
the ratepayers in November  
last, but because it was en-  
dorsed by the deputy minister  
instead of the minister of pub-  
lic works, the by-law was not  
acceptable to the financial  
agents. As a result it became  
necessary to place the by-law  
before the ratepayers the sec-  
ond time, to be passed in cor-  
rect form.

Every growing ambitious  
town is composed of three ele-  
ments: Those who work patri-  
otically, vigorously and intelli-  
gently for its advancement;  
those who are in a state of  
apathy or indifference, and  
those who take a curious dis-  
like in discouraging the ef-  
forts of others by ridicule, and  
by a persistent denial that any  
progress can be or has been  
accomplished, and by boasts of  
every other town besides their  
own. The last class are called  
croakers, but they are really  
something worse, for their op-  
position does not arise simply  
from that unenviable spirit that will  
neither act itself or suffer others  
to act.

It is the duty of every member  
of a community, be he or she a  
property holder or not, to get ac-  
quainted with the stock carried by  
the home merchants, and it is a  
matter of self interest to use their  
goods whenever possible. Failure  
to become acquainted with lines  
they carry, or may be able to pro-  
cure for you, is generally due to  
apathy.

How can merchants flourish  
without patronage? Failure to  
purchase from your home mer-  
chant, who has proved himself  
ever willing to carry you through  
the dull periods, eventually re-  
acts against those who have remained  
loyal. More business means credit  
to those temporary financially em-  
barrassed. You've made the com-

munity the point of your interests,  
and if it is good to live in it is good  
enough to buy in. You can see  
what you get before you pay for it,  
and the merchant stands back of  
his goods. Besides, the merchant  
pays his quota of taxes and gives  
an air of stability to a town.

Persons who would wax wrath  
at any suggestion of want of loy-  
alty to their home town. Loyalty  
to your home merchants is the only  
foundation upon which a town can  
be built; the loyalty of the retailer  
and the loyalty of the consumer  
each to the others, is to acknowl-  
edge that the interests of one are in  
the long run the interests of all.

## Farmer Kills Relatives Then Commits Suicide

Calgary, July 29.—A tragedy,  
unequalled in the criminal annals  
of Alberta, was discovered here  
shortly before noon Sunday, when  
George Robinson, a prosperous  
farmer of the Rumsey district,  
was found lying on the floor of the  
sitting room of his own home, with  
the top of his head blown com-  
pletely off.

Across his body on the floor was  
a Winchester shotgun, and oppo-  
site him on the floor was the body  
of his wife.

In the kitchen a 12-year-old son  
was found dead, while on the bed  
in the rear bedroom was the body  
of the 3-year-old daughter, her  
head blown completely off.

It is a clear case of murder and  
suicide.

## Canadian Coal Co. Not Yet Re-organized

Mr. E. Bernard, liquidator of  
the Canadian Coal Consolidated,  
Limited, will return to France in a  
few days, where he hopes to com-  
plete the re-organization of the  
company and bring about the re-  
opening and operation of the Frank  
mines.

The mines at Frank have been  
practically idle for about a year,  
and while the limits contain rich  
coal beds, it has been difficult  
to finance their development.

Mr. Bernard went to France in  
March last on a mission to en-  
deavour to raise the necessary capital,  
but owing to the unsettled condi-  
tions in the Balkan States money  
was at a premium.

It is hoped that the finances  
will soon be in sight and revive life  
in the famous slide town.

## Caustic Treatment

"I was troubled with constipation  
and indigestion and spent hundreds  
of dollars for medicine and treat-  
ment," writes C. H. Hines, of  
Whitlow, Ark. "I went to St. Louis  
hospital, also to a hospital in New  
Orleans, but no cure was effect-  
ed. On returning home I began taking  
Chamberlain's Tablets, and worked  
right along. I used them for some  
time and am now all right." Sold by  
all dealers.

## Bees Force Girls to Take Lake Plunge

Spokane, Wash., July 29.—De-  
prived of the use of their clothing  
by a swarm of bees, six young  
women, all employees of the Gra-  
ham Company, were forced to take  
a long swim in Newman lake while  
the busy bees deliberately hived in  
the cork stove in their tent.

While the girls were skylarking  
a hive of bees decided that a lazy  
July day was a good time to swarm  
and they began to cluster in the  
tent.

The girls were afterwards res-  
cued by a farmer, who gave \$5 for  
the stove and considered his pur-  
chase a bargain.

## Remarkable Cure of Dysentery

"I was attacked with dysentery  
about July 10th, and used the doctor's  
medicine and other remedies with no  
relief, only getting worse all the  
time. I was unable to do anything  
and my weight dropped from 145 to  
125 pounds. I suffered for about  
two months when I was advised to  
use Chamberlain's Colic, Cholera and  
Diarrhoea Remedy. I used two bot-  
tles of it and it gave me permanent  
relief," writes B. W. Hill of Snow  
Hill, N. C. For sale by all dealers.

## Good Reason for His Enthusiasm

When a man has suffered for  
several days with colic, diarrhoea or  
other form of bowel complaint and is  
then cured sound and well by one or  
two doses of Chamberlain's Colic,  
Cholera and Diarrhoea Remedy, as  
Cholera and Diarrhoea, it is but natural  
that he should be enthusiastic in his praise  
of the remedy, and especially is this  
the case of severe attack when life is  
threatened. Try it when in need of  
such a remedy. It never fails. Sold  
by all dealers.

## Lost

For lost a home, a darn fine home,  
And I know where to find him  
Twas by the river that he gave a shiver  
And the halter left behind him.

If you want to see that darned old tree  
With a halter tied securely,  
Just come with me and I'll show to you  
That I'm not from Missouri.

Oh for a "faithful" that will not shrink  
When opposed by the river's flood—  
That will not tremble on the brink  
And without a warning go.

Oh for a man who understands,  
Or at least who ought to know,  
That a halter tied to a tree's worth-naught  
When the darned old thing lets go.  
—King.

Coleman and Bellevue teams will try conclusions on the local gridiron on Saturday. A record crowd is looked for. Bellevue must win and the victory will depend largely upon the loyalty and enthusiasm of the citizens.

All interested in the band are requested to attend a public meeting to be held in the church on Sunday morning next at 10.30. The band will probably be placed upon a different basis and new officers elected. There should be a large turnout of interested citizens on this occasion.

Mr. Waggett's lecture on Mark Twain, to be given in Bellevue on August 15th, will make you roll round the house with laughter for a week and then it will break out spasmodically every time you think of Waggett for the rest of your life. So say the Edmonton papers in commenting upon Mr. Waggett's work in the capital city.

It was Sunday evening. The citizens of Bellevue, clad in their glad rags, were wedding their way from church, from which a few

### Death of Mrs. Wm. J. McGowan

The death took place in Lethbridge on Tuesday morning of Miss McGowan, beloved wife of William J. McGowan, chairman of the Frank village council. Mrs. McGowan, who was 36 years of age, had been ill of late, and was brought to Lethbridge for more thorough care, but the disease had gone too far.

Mrs. McGowan was a native of New Brunswick and was married five years ago. She leaves, besides her husband, a father and brother living in Albert, New Brunswick. She was very highly esteemed by all who knew her.

The remains were brought to Frank on Wednesday evening's train, and interment took place at the Blairmore cemetery yesterday afternoon. The funeral service was held at the deceased's home at Frank, the Rev. J. F. Hunter, assisted by Rev. W. T. Young, officiating. As the deceased was widely known, the funeral obsequies were largely attended by sympathizing friends, and were most impressive.

What makes the affair all the more sad is the fact that Mr. and Mrs. McGowan had anticipated making a new home and had all their household effects packed up in readiness for shipment.

### C. P. R. Defeats Hillcrest

Last Sunday afternoon the Hillcrest Barriers met defeat in a hotly contested barrelball game on the Hillcrest diamond at the hands of the C. P. R. Gladiators of Frank. It was a veritable Waterloo, and the boys on the hill are still speculating on how the battle happened to go against them by so decisive a score as fourteen to four. They were routed by the C. P. R. boys, who have reorganized with a new pitcher and some out of the old talent.

Trud Thoreson, a recruit, who was tried out for the first time with the C. P. R. boys played a brilliant game in the out field, and also had a perfect day at bat. Thoreson made three shoestring catches, rolling the Hillcrest boys of several runs. He pounded out a three-bagger, two doubles and one single out of four times at bat, and bida fair to become a major leaguer.

Third baseman Caruthers and first baseman Fitzsimmons, who were suffering from charley horse, were shifted to the outfield, and while the positions were new to them they put up a good article of ball. Fred Livingston, who worked on the rubber last year, was tried out at second base, and it will take somewhat of an infidel to take his berth away from him.

Peters and Bradbear made up a battery that will stack up well with anything between Cranbrook and Lethbridge.

The Hillcrest boys made a heroic effort in the last few innings to stay the tide and save the day. Their efforts were futile, however, and the Hillcrest Warriors saw their flag come down and victory perch upon the banners of the C. P. R. club.

The C. P. R. boys would like to meet any team in The Pass, preferably Macleod or Fernie.

minutes before the classic strains from the well trained choir had been waited upon the summer breezes. The large business cemetery of three stores and the new school, which had not yet shed their scantlings, were under inspection, telling of the great things yet to be. The bank, the picture theatre and Pat Burns told vivid stories of the things already come to pass. Under four blazing sun-bursts of incandescent lights the band played its merry tunes, "Gee!" said our Calgary visitor, "Life in a large city ain't so bad after all!"

Lethbridge Y.M.C.A. purposes holding two picnic excursions to the Blairmore section of The Pass during August month.
